

**SUPPORT
THE DEMANDS
OF DELIVEROO/
UBEREATS/
JUST EAT
WORKERS**

- 1 Safety at Work** - The Government, Gardaí, employers and companies must do everything in their power to end violence against these essential workers now! More patrols, more action on attacks, bike thefts and genuine violence reduction strategies.
- 2 Fair Pay** - Stop employers cutting pay without warning or taking tips from workers! Companies must pay at least the living wage of €12.30 per hour.
- 3 Decent Conditions** - Companies must provide full insurance cover, equipment and protection for all workers.
- 4 Residency** - Extend legal status for all visa categories for a 12 month period or until the end of the pandemic. During this time, allow Stamp 2 holders to work full time and waive the criteria for student enrolment and attendance.
- 5 Language skills** - Make provision for visa renewals beyond the Pandemic to respond to the disruption of study for people. Provide flexible state-funded online tuition for these key workers who have been keeping people fed during the lockdowns and have not been able to practice their language skills. English language schools must meet the needs of students.
- 6 Enforcement and Recognition** - The State must hold companies to account for bogus self-employment practices which aim to circumvent employment and health and safety laws.

**JOIN A UNION TODAY AND
ENCOURAGE OTHERS TO DO SO TOO!
RATES FROM €1 A WEEK.**

Together we are stronger. Join a union today!

Juntos somos mais fortes, junte-se a um sindicato hoje!
